

Lacy Road Reconstruction Update

May 25, 2017

The Lacy Road roadway construction has begun in earnest. Despite the rain, the week has been busy getting removals out of the way and some new sanitary sewer laterals installed.

Project work will suspend at noon on Friday May 26th for the Memorial Day weekend, and will resume at 7am on Tuesday May 30th.

Here is the anticipated work for the week of May 30th, weather permitting:

- Utility work continues on electric, cable and fiber optic lines
- Surveying and staking
- Installation of erosion control
- Removals continue
- Underground storm sewer work near Syene Road
- Underground water main and sanitary sewer at the east end (roughly McGaw Road to Syene Road)

If you have any questions on the reconstruction project, please call the field office phone at 608-504-8406.
